Appropriarsi di codici diversi riscrivendo la grammatica delle forme conosciute all'uomo. Circolari, semicircolari, rettangolari, quadrati, monoforo o a due vasche, sospesi, da appoggio o a parete, incassati o semincassati: la geometria diventa creativa e invita a personalizzare l'ambiente bagno.

Appropriate oneself with different codes by rewriting the grammar of shapes known to man. Circular, semi-circular, rectangular, square, single or double basin, suspended, pedestal or wall-hung, recessed or semi-recessed configurations: geometry becomes creative and it invites you to personalise the bathroom environment.

La password è libertà creativa perché i modi di immaginare il bagno sono infiniti. Così la matita traccia moduli dalle linee fluttuanti, spontanee che, con i loro movimenti, seducono l'acqua e definiscono il concept di un ambiente giovane.

The password is creative freedom due to the fact that there are infinite ways of imagining the bathroom; therefore the pencil traces modules with fluctuating, spontaneous lines which with their movements seduce the water whilst defining the concept of a young environment.

Inventare un nuovo linguaggio progettuale significa rafforzare l'idea di bagno destrutturato dove gli elementi sono isole indipendenti, icone di uno stile libero da vincoli. Così il design, invitando al tocco e alla visione, unisce funzionalità ed estetica.

To invent a new planning language means to emphasise the idea of a de-structured bathroom where the elements are independent islands, icons of an unchained free style. In this way, the design invites you both to touch and to see the products, whilst uniting functionality whilst uniting functionality and aesthetic style.
